WHY CHOOSE UNIVERSITY COLLEGE OF MEDICINE & DENTISTRY

The modern era of information and digital age calls for today’s doctors to be well versed not just with the science of medicine but also to exhibit a well-rounded personality with a sound focus on emphasizing towards their clientele, communication skills and research and development. Striving to learn and seeking counsel when needed are two important factors that help determine success for a student.

With the evolving technology which has converted this vibrant world into a global village there is a need to embellish our thoughts with quality medical education and human values which cannot be achieved by money or influence alone but through real knowledge and understanding.

The overwhelming response by the students & their parents in seeking admission in UCMD is clearly indicative of the trust by the parents in foreseeing UCMD as a quality medical education institute, with merit & discipline being its hallmark.

Salient Features of Curriculum
- Integrated both horizontally and vertically
- SPICES model is being followed.
- Methodologies i.e. PBL, SDL, DSL have been introduced.
- There is early clinical exposure of students from first year.
- Workshops on communication skills, leadership skills, professionalism, and researches are being introduced.
- Students guide will be provided to guide students about each module.
- Electives will be offered to students and they can choose the area of their interest and can excel in this.
- E-Learning is being introduced
- Students provided opportunities to develop their presentation skills as well as develop posters.

With an influential curriculum in place at UCMD, every student enrolled is given an opportunity for quality education, to conduct research and engage in clinical practice.
